Order the Deep Currents eCourse book
Crossing the Unknown Sea – poet David Whyte’s autobiographical exploration of purpose at work.

What Students Say About the *Deep Currents eCourse*:

“ *The Deep Current eCourse was an incredibly valuable experience that challenged, delighted, and inspired me. I recommend it to anyone, at any phase of their life or career. It reaffirmed my current path while asking me to dig deeper, to develop stronger ties with self-worth, fulfillment, boldness, and purpose — to articulate my belonging in the world through my work.*

It was the first time I had such a strikingly honest conversation with colleagues, and it took away much of the “otherness” that limited my potential. We laughed together, realizing that many of the things we all struggled with privately and rarely express or examine - acceptance, fear, uncertainty, anxiety - are universal, creating a context that was extremely empowering. I am more confident in my work and in my life because of this experience. Like good poetry, the Deep Currents eCourse provided a breadth of impact that meets me where I am today, perfectly.
